

M.Sc (Biotechnology)
1st Semester
Cell Biology
Molecular Genetics
General Microbiology
Biochemistry
Biostatistics
Cell Biology & Molecular Genetics(P)
General Microbiology & Biochemistry(P)
2nd Semester
Enzymology and Biochemical Techniques
Immunology and immunotechnology
Molecular Biology
Environmental Biotechnology
Bioinformatics
Enzymology and Immunology (P)
Molecular Biology, Bioinformatics & Environmental Biotechnology(P)
3rd Semester
Plant and Agricultural Biotechnology
Animal Biotechnology
Genetic Engineering
Open Elective
Plant, Agricultural and Animal Biotechnology(P)
Genetic Engineering and Bioinformatics(P)
Industrial And Institutional Visit
4th Semester
Bioprocess Engineering
Medical Biotechnology
Genomics & Proteomics
Bioprocess Engineering, Medical Biotechnology & Genomics and Proteomics(P)
Project Work/Dissertation
